Mark Bonnema and his brother Brad

in Lincoln Co. SD.  
This property is located along noticed route/  
reroute of Summit Carbon Pipeline. As landowners  
along the proposed route, we are greatly concerned  
by the lack of risk assessment that has been conducted  
for this hazardous substance pipeline. We believe  
undue risk and liability for this hazardous substance  
may be placed on us as landowners and we further  
fear loss of income from the agricultural land and  
loss of value for unused housing eligibilities on the property.
