**SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION**

Caroline (Kelli) Waltman

(Name of Applicant.....)

petitions the Public Utilities Commission to be granted party status in the above-referenced facility permit proceeding.
Pursuant to SDCL 49-41B-17 and ARSD 20:10:22:40

Briefly explain your interest in this permit proceeding. Form is limited to 1000 characters.
(Example: Landowner in project area).

I live in Leola, SD which is very close to where the two pipelines are going. I am opposed to the use of eminent domain to obtain the needed land for the project.

I am very concerned about the potential for leaks and issues that could arise with the main line west of Leola running north and south and the feeder line north of Leola running east and west. We are caught in the middle of both which is very unsettling.

Nothing is 100% safe. The potential of a major catastrophic event happening would be devastating to our small community.
