- We are against this pipeline for the following*
- 1. This is clasafied as a Hazerdous Liquid pipeline whitch means the liability Insurance we have would be canceled, we would be financially exposed to any and all lawsuits*
 - 2. As a Hazerdous liquid pipeline the small rural E.M.T.s or Hasmat team wouldn't be equipped to handle a spill of any kind.*
 - 3. The financial burden it will put on the landowners having to hire a lawyer to fight for their rights and no liabilities insurance.*

This is not a good or needed pipeline

- 4. Private company looking to get billions say no.*

NOTE: Consistent with SDCL 49-41B-17 and ARSD 20:10:22:40, this application must be filed with the Public Utilities Commission on or before 5:00 p.m. CDT, April 8, 2022, unless the deadline is extended by the Commission.
