Name of Organization (if applicable)

**April 27, 2022**

Date

We own land in Brown/Spink Co. We just recently learned, in the last few days, that SCS Carbon Transport, LLC's ("Summit") proposed hazardous pipeline is seeking a route near land that we own, operate, or farm. We have no record of being notified of this by Summit. Thankfully concerned persons reached out to us otherwise we would not have learned of this.

We respectfully request Party Status in this matter as we own, operate, farm, or have an interest in land located within 10 miles of this proposed hazardous pipeline and have significant concerns about this proposed project and have direct interests that may be materially affected by this proposed project. Party Status is necessary as there is no other persons directly representing or protecting our particular concerns that we have in our land at issue. The land in question is located at SEC 2-121-65

**NOTE:**

Consistent with SDCL 49-41B-17 and ARSD 20:10:22:40, this application must be filed with the Public Utilities Commission on or before 5:00 p.m. CDT, April 8, 2022, unless the deadline is extended by the Commission.
