

BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF SOUTH DAKOTA

IN THE MATTER OF THE APPLICATION BY)	RESPONSE TO STAFF'S
SCS CARBON TRANSPORT LLC FOR)	PROPOSAL FOR
A PERMIT TO CONSTRUCT A CARBON DIOXIDE)	PROCEDURAL SCHEDULE
TRANSMISSION PIPELINE)	HP22-001

The South Dakota Association of Rural Water Systems (SDARWS) hereby responds to Staff's proposal for a procedural schedule in docket HP22-001. SDARWS has no objection to the date proposed for the Evidentiary Hearing. SDARWS would, however, request a date of March 15, 2022, for the submission of Intervenor testimony. The current date proposed, March 3, 2022, is unworkable given the Association's demands and participation in the 2023 legislative session and, as such, SDARWS respectfully requests a later date.

Dated this 9th day of December, 2022.
