The PUC is not involved in the easement acquisition process that occurs between applicants and landowners. Likewise, the PUC does not have a role in the eminent domain process, which is handled in the circuit court system. Landowners with concerns about these issues should seek advice from their personal attorney.

You will find further guidance on proper communication with the commission concerning open dockets via the [Contact PUC](#) tab on the PUC's website.

Your message and this response will be posted under Comments and Responses in the HP22-001 and HP22-002 dockets.
