Subject: [EXT] Docket HP22-001 Application for Party Status deadline

Dear PUC:

I understand that the April 8, 2022 deadline for an application for party status is soon approaching in regards to the above listed docket. On the application itself, it states "unless the deadline is extended by the Commission".

I am requesting that the deadline be extended.

Just in Minnehaha County alone, it is not clear where the route is proposed. Since I received a letter from Summit Carbon Solutions in July of 2021, it appears the route has been changed at least two times. I know, for a fact, that there is at least one landowner who has not been contacted yet, even though a map shows the pipeline crossing his land. I question how many more have not been contacted.

At the same time, there are some landowners who have just recently been contacted by Summit. These landowners need time to learn the process. A DEADLINE OF APRIL 8, 2022 is not appropriate for the South Dakota landowners.

I realize the upcoming public input meetings will provide some answers for landowners but the April 8th deadline needs to be extended.

Thank you for your consideration.

Sincerely,
Peggy Hoogestraat
