Ms. Hoogestraat,

This is in response to your message regarding the CO₂ pipeline projects for which developers have requested siting permits from the commission. The dockets are currently under review and being processed by my fellow commissioners, intervenors in the dockets, commission staff with their expert witnesses, and me (for HP22-002).

Your suggestions will be reviewed and be considered by those at the commission involved in these dockets.

Thank you for your interest in the HP22-001 and HP22-002 CO₂ pipeline siting permit request dockets.
