**Subject:** [EXT] Co2 pipeline -thank you

Kristie, I am an Iowa landowner affected by the Summit pipeline however, I have been listening to the South Dakota hearings as my son goes to College in South Dakota ( go Jackrabbits).

I just want to thank you for all of your questions to both sides to make this a fair hearing for all parties. Our hearing has just started in Iowa and I can say there are a list of general question for each landowner (without representation as they are going first )from the IUB and very few additional questions are asked after by the IUB.

Thank you!!
