Mr. Rott,

This is in response to your email regarding the proposed SCS Carbon Transport LLC pipeline.

The Public Utilities Commission received a siting permit application for this pipeline project on Feb. 7, 2022, resulting in the opening of docket [HP22-001](#). This docket will receive a detailed review of the proposed project by the commission, with a final decision required by state law by Feb. 6, 2023. This will begin with public input meetings hosted by the commission along the pipeline's route. You will find a list of these meetings, scheduled for March 22-25, in the docket.

Thank you for reaching out. Your email and my response will be posted under Comments and Responses in the docket.

Chris Nelson, Chairman
South Dakota Public Utilities Commission
