OF THE STATE OF SOUTH DAKOTA**

**In the Matter of the Application by Navigator
CO2 Ventures LLC for a Permit to Construct
A Carbon Dioxide Transmission Pipeline**

**APPLICATION
FOR PARTY STATUS**

HP22-002

Timothy Scherb

_____, petitions the Public Utilities Commission to be granted party status in

(Name of applicant. This will be the person or entity named as a party.)

the above-referenced facility permit proceeding, pursuant to SDCL 49-41B-17 and ARSD 20:10:22:40.

Place a check mark next to each item below that applies to you, adding a mileage number for items requiring this. Explain your further interest below. If your submitted form is incomplete, you risk not being granted party status.

____ I am a person or organization that received official notification via U.S. mail of the project from the siting permit applicant.

I own land within 1/4 miles of the proposed project.

I reside within 1/4 miles of the proposed project.

____ I officially represent a municipal, city, township, county, or other affected governmental agency within _____ miles of the proposed project.

I am directly interested in the proposed project as I explain below:

I am a landowner in Minnehaha county and am opposed to the dangerous CO2 pipeline proposed by Navigator. Our home is less than 1000 ft from the proposed pipeline. These dangerous pipelines have unproven technology and safety records. Currently there are no federal guidelines in place for CO2 pipelines, how can Navigator claim they are following these regulations when they aren't even in place yet? We are also concerned about the effect this pipeline will have on our property values and future use of our land. We are extremely concerned about the safety of our lives, livestock, the land and our community should this project be allowed to go through.
