Currently, the City is contributing \$69.54 per pay period. Based on numbers, it is being do that I hope a lot of you football players are either out for wrestling or basketball or just lifting weights getting ready for next season. I think I saw Coach Rich Lundstrom handing out awards for the Dell Rapids game and I wonder if he told them we were getting them next season. Then on Saturday since it was so cold I stayed inside and watched some college football and yes you are right I would of anyway but I got to watch a team with a very good offensive line and unfortunately it wasn't Nebraska it was Michigan. They moved our defense around all game and to be honest it looked like an old line the Huskers use to have every year. Hard to watch since we had ZERO offense and a hole filled defense but it still was just a 31 point difference and yes that is what I am

was the First Reading - Supplemental Ordinance. In order to not exceed the Original Appropriation, the City needs to make adjustments to the budget via a supplement. These items were not originally budgeted but were carried over from 2021 or had prior City Commission approval. Motion to approve by York. No Second and vote is needed for a First Reading. During Commissioner Dialogue, Mayor Sandra Lundstrom congratulated Larson on the birth of their son Layton Levi Larson. Motion to reconvene into regular had a great veterans day program and I thought Bill had a very good address for everyone and I could hear everything pretty good so that was nice this year and as always the kids did a fantastic job and I know the veterans really appreciate them doing it and I thought the 4th grade choir sounded great. I always enjoy the band playing their different branches songs as they vets standup while their song plays. I like it because Anchors Aweigh is just the best song but the other ones are great too but thank you to the band for playing them so good and seeing the older men stand up to see what branch they were in is fun for me to figure that stuff out. Thank you Canton for making our Veterans feel special!

Pursuant to SDCL 49-41B-15 and 49-41B-16, the South Dakota Public Utilities Commission will hold public input meetings at the above times and places on an application filed by Navigator Heartland Greenway, LLC to construct and operate a carbon dioxide (CO2) transmission pipeline (Project). The Project is approximately 1,300 miles of pipelines for the transportation of CO2 from more than 21 ethanol and fertilizer plants across 5 states, including 3 ethanol plants in South Dakota, that will transport captured carbon dioxide for permanent and secure underground sequestration in Illinois and/or to off-take facilities for commercial/industrial use.

The Project consists of 111.9 miles of carbon dioxide pipeline in South Dakota that will cross the counties of Brookings, Moody, Minnehaha, Lincoln, and Turner. More specifically, the Project consists of three segments: 1) the Aurora to Hartley lateral that will be approximately 63.6 miles of 8-inch diameter pipeline; 2) the POET Chancellor lateral that will be approximately 22.6 miles of 6-inch diameter pipeline; and 3) the POET Hudson lateral that will be approximately 25.7 miles of 6-inch diameter pipeline. In addition, one inline inspection tool launcher/receiver site will be constructed in Lincoln County. No pump stations are proposed in South Dakota for the Project. Applicant estimates the total cost of the proposed Project in South Dakota to be \$142 million.

The purpose of the public input meetings will be to hear public comments regarding the permit Application and the Project. At the meetings, Applicant will present a brief description of the Project, following which interested persons may appear and present their views, comments and questions regarding the Application. A copy of the Application is on file with the Brookings, Moody, Minnehaha, Lincoln, and Turner County auditors pursuant to SDCL 49-41B-15.2 and at the Commission's office in Pierre. Applications for party status must be received by the Commission on or before 5:00 p.m. CST on November 28, 2022.

Following the public input meetings, the Commission may schedule a formal evidentiary hearing conforming to SDCL Chapter 1-26 to consider any issues raised by any intervening party, the Commission's staff, or the Commission itself.
