**MARVIN ABRAHAM
INITIAL PRE-FILED TESTIMONY
IN SUPPORT OF LANDOWNER
INTERVENORS**

Q: Please state your name.

A: Marvin Abraham.

Q: What is the purpose of your testimony?

A: I am personally affected by a proposed CO2 pipeline in North Dakota and concerned about liability and insurability issues. I sought clarification related to my insurance policy which is likely similar to many South Dakota landowners. **Attachment No. 1** hereto is a true and accurate copy of that letter. I have grave concerns for my neighbors to the south relative to these proposed CO2 pipelines. I urge the PUC to take a very careful look at these insurance and liability related issues – you cannot intelligently evaluate Navigator’s Application without thoroughly discussing the risks to the current and future inhabitants and taking into account the economic, social, and general welfare considerations of all South Dakotans.
