SD Public Utilities Commission,

Please consider this communication a "Motion to Withdraw from Intervention" in docket number "HP24-001 – In the Matter of the Application by SCS Carbon Transport LLC for a Permit to Construct a Carbon Dioxide Transmission". My husband, Dan Paulson and I originally filed to be intervenors in this case, but would now like to withdraw as intervenors. We have decided to follow the case and offer comments rather than actively participate in all legal filings and formal hearings. Dan also submitted a "Motion to Withdraw from Intervention". Thank you.

Respectfully,
Jillane Paulson
