Explain your interest in applying for party status below.

The section below is to be completed by the Applicant's attorney, if represented. All fields are required.

The proposed pipeline route runs through the middle of my pasture therefore, I could not use it during construction for my cow/calf herd. I have used this pasture for forty-five years building fertility, native grasses and the eco system. The digging and compaction from equipment will damage the fertility and the grasses drastically affecting my use of the pasture in years to come and my income because I will have to decrease my herd size to equal the grass available.

Medary creek runs through the pasture close to the purposed route, It floods often and erosion occurs. Erosion could expose the pipeline causing it to rupture exposing eighteen families within two miles and my herd to grave danger.
