APPLICATION FOR PARTY STATUS

HP24-001

_____, petitions the Public Utilities Commission to be granted party status in this proceeding.
(Name of Applicant. This will be the person or entity named as a party.)

Place a check mark next to each item below that applies to you, adding a mileage number where requested.

_____ I am a person or organization that received official notification of the project via U.S. mail from the siting permit applicant.

_____ I reside within _____ miles of the proposed project.

Residential address if different from your mailing address:

_____ I own land within _____ miles of the proposed project.

Legal description: _____

_____ I officially represent a municipal, city, township, county or other affected governmental agency within _____ miles of the proposed project.

Explain your interest in applying for party status below.

Under 1-26-17.1, a person whose pecuniary interest would be directly and immediately affected by an agency's order may become party to a hearing. My interest, explained below, cannot be represented by anyone but me. I am a landowner facing condemnation by SCS in Iowa where construction cannot begin unless the PUC grants a permit. My land is classified HEL and consists of restored Prairie Pothole Ecology, containing habitat for numerous native species that would be irreparably damaged by pipeline construction or an unintended release. A pipeline would be an economic harm to my land, reducing soil fertility, yields, and rental income while voiding CRP contracts and adding new liability and risk. I've invested over \$500k in my farm headquarters that would be within 500 ft of the proposed pipeline, threatening the marketability of the property for myself and my beneficiaries. I also don't support my tax dollars being used for the benefit of a private company with no accountability.

Deadline: This application must be filed with the Public Utilities Commission on or before 5:00 p.m. CT, Jan. 24, 2025. File this completed form electronically at puc.sd.gov/EFilingOptions.aspx
