officially represent a municipal, city, township,
county or other affected governmental agency within _____
miles of the proposed project.

Explain your interest in applying for party status below.

I have concerns about the Pipeline across our ground within 1/4 mile. I have the normal concerns about safety, infrastructure, use property rights etc. How will the use of water & power affect our utility availability & pricing. How will our emergency responders help us if there is a rupture.

Deadline: This application must be filed with the Public Utilities Commission on or before 5:00 p.m. CT, Jan. 24, 2025. File this completed form electronically at puc.sd.gov/EFilingOptions.aspx

*The Commission processes its dockets electronically for time and cost efficiencies. Communication on the docket will be done via email to parties to this docket. Failure to provide an email address may result in documents being served upon the county auditor rather than sent directly to the party, pursuant to SDCL 49-41B-17.1.

If your submitted form is incomplete, you risk not being granted party status.

The CO₂ will suck oxygen from surrounding area rendering vehicles useless and people and animals unconscious or dead.

Summit has not submitted plume studies or mitigation processes. How ^{will} the cost of mitigation be handled & how will first responders be trained - if they can even get to survivors. Summit has said they pipeline is safe and they will handle repairs and damages, but to date I haven't seen a show of good faith on their part. IF they truly believe it is safe that they will take care of issues, expenses & damages, they should be required to make a deposit into an independent escrow account to assure there will be funds to do so. Past victims were left with no help or compensation because the company declared bankruptcy. They are not a common carrier that serves the needs of the community. The safety and services of our communities should come first.

Thank you
