served upon the applicant,  
to the party, pursuant to SDCL 49-41B-17.1.

**If your submitted form is incomplete, you risk not being granted party status.**

To Whom It Concerns:

I live on a farmstead. Roughly a quarter mile from the proposed pipeline. My farm is roughly 50 feet lower than what the pipeline is. For at least 6 months of the year, I have 1000 head of cattle on this farmstead. One of my concerns is that if this pipeline has a leak, it could harm or even kill a lot of my livestock. Which could financially cripple my operation. The risk of a situation like this is a huge stress on our family. And besides that, it could be harmful to my family. There is no reason it should ever come this close to a farmstead.

Sincerely,

Kevin and Tammy Heupel
