Pipeline goes through a rented pasture & through the pasture water source - a free flowing artesian well - 17-126N-68W Spring. We live in a low lying area within 1 1/2 mi from the pipeline. Our cattle are our livelihood all within this same distance & some closer. Three directions out of our farm we have to cross a buried pipeline to get out. No plume study done in the hills where I live on a windy day which is very many days.
