In the Matter of the Application by SCS Carbon Transport LLC for a Permit to Construct a Carbon Dioxide Transmission Pipeline)

APPLICATION FOR PARTY STATUS HP24-001

Kimberly Junker, petitions the Public Utilities Commission to be granted party status in this proceeding. (Name of Applicant. This will be the person or entity named as a party.)

Place a check mark next to each item below that applies to you, adding a mileage number where requested.

I am a person or organization that received official notification of the project via U.S. mail from the siting permit applicant.

I reside within miles of the proposed project.

Residential address if different from your mailing address:

I own land within miles of the proposed project.

Legal description:

I officially represent a municipal, city, township, county or other affected governmental agency within miles of the proposed project.

Explain your interest in applying for party status below.

I believe SCSs carbon pipeline is a risky project that provides no benefit to landowners, communities, or farmers while furthering the monopolization of our agriculture industry by allowing a single company to dominate over a majority of ethanol plants located in the five state footprint. Lack of competition harms everyone except the corporation at the top. If you believe claims of the project's benefits, it would create an unlevel playing field among SCS' partner plants and non-partners and disadvantage the farmers reliant upon the latter. As a farmer, landowner, and taxpayer, I am deeply concerned about how this project could undermine fair competition, local interests, and regional development. As a farmer, landowner, and taxpayer, I want to ensure my interests are protected & adequately represented to the Commission.

Deadline: This application must be filed with the Public Utilities Commission on or before 5:00 p.m. CT, Jan. 24, 2025. File this completed form electronically at puc.sd.gov/EFilingOptions.aspx
