I am an Iowa landowner and the PUC's decision will affect the future of my land and my livelihood as Iowa's regulatory body conditioned the right to construct the pipeline on SCS receiving a permit in South Dakota. The company wants to cross more than half a dozen of my parcels on both phase 1 and phase 2 of their proposed projects. Under §1-26-17.1 a person whose pecuniary interest would be directly and immediately affected by an agency's order may become party to a hearing. My interests are reasonably pertinent to the proceedings and unable to be adequately represented by another party. If the PUC issues a permit, my farming operation and my family and therefore the region would suffer direct economic harm as a result of pipeline construction, maintenance, and operation and its impacts on soil, yields, property access, risk, and liability.
