I highly disagree w/ using my land for a purpose we have proven we don't agree w/. We voted against this on Nov. 5. Since when has a vote by the people become ignored. i have direct & substantial interest in how this hazardous pipeline will affect my county, future development, adding expenses & responsibilities in terms of emergency management & other areas that will have energy & focus taken away from the current duties of protecting us residents, the increased costs of services to monitor & be on guard for pipeline related issues. I shop & travel in sreas near where the pipeline proposes to cross. I am concerned for my community & impacts that could cause increased local tax & levy burdens
