Explain your interest in applying for party status below.

The section below is to be completed by the Applicant's attorney, if represented. All fields are required.

The proposed hazardous carbon pipeline will run over a mile on my property. I have invested thousands of dollars in tile work along with water lines for water fountains placed throughout that section. It has been my experience from DAPL that any alteration to the lines is never as good as originally placed. In addition to my concern for property damage, I run a herd of bison that will run along the entire length of the proposed pipeline. I also have a private grass runway that I operate several airplanes out of. The pipeline patrol airplanes will directly cross my takeoff and landing corridor. I don't know why I have to sacrifice my quality of life and future development plans to profit an out of state corporation that does not benefit the public as a whole.
