UTILITIES COMMISSION**

From the Endeavor Presbyterian Church at Fedora, South Dakota

Richard Poppen, Pastor and Moderator and Elders of the congregation

Please receive this letter written with concern over the recommended CO2 pipeline. The current route allows the line to pass near the village of Fedora, South Dakota. Our church is located in the town; we are not a large congregation with current membership of approximately ninety members. However, we have regular worship services and also host monthly community gatherings and other activities. Being in the proximity of the proposed construction, we are concerned over the health and well-being of members, guests and friends should something destructive happen to the pipeline.

Sincerely,

Richard Poppen, pastor and moderator (for the past 52 years)
