I am not in favor of the proposed CO2 pipeline project because:  
-This company has never installed any pipelines  
-In dealing with the Summit rep he said "we are not Environmentalists" which leads me to believe that greed is the Major motivation.  
-When talking with other landowners, we are all worried about Land values going down.  
-Me and my wife have had to put our lives on hold for 3 Years which kept us and our two sons from building homes On our land, which is my father's wish.  
-We purchased another farmstead to live on while this all drags Out only to find that the proposed pipeline is within 3 miles Of it.  
-It seems un-American to have to defend your land against a Private company to line their pockets with tax dollars.
