To PUC

As a landowner situated very close to the proposed pipeline from Glacial Lakes Energy, I strongly urge you to not allow it to go forward. If I understand the proposed route Big Stone Energy will also come into Watertown. We sit in a low elevation and a broken pipeline could devastate Watertown. I urge you not to vote on this until Trump can review it as I believe he will cut the funding which is what its all about. The farmers are being suckered again and the price of corn will not go up enough or at all and Summit will have all the taxpayers money.

Sincerely

Bob and Deb Raml

Mr. Robert F. Raml
