Subject: Summit Carbon Sequestration Pipeline/Fleecing of American Taxpayers

To: Campaign Kristie

Commissioner Kristie,

As a concerned landowner in South Dakota, I am reaching out to you today to ask that you not approve this Summit Carbon Pipeline project.

It is never right to forcibly take someone's land away. We are at a crossroads up to this point due to greedy people with a lack of integrity and morals. I hope God will guide your decision to do the right thing.

Thank you,  
Craig Hanson
