**Subject:** Re: [EXT] Docket HP24-001 Application for a permit to Construct a Carbon Dioxide Transmission Pipeline

I am a shareholder for Glacial Lakes Energy. At this time I do not support putting up the pipeline. We should not be piping CO2 to be dumped underground in another state. The only reason I can see why the Ethanol plants want to do it, is so they can get more and more wasteful government subsidies. [REDACTED] signed Kevin Halverson
