Subject: [EXT] Support the Summit Carbon Solutions Project (Docket #HP24-001)

Dear SD Utilities Board members,

I'm writing to express my support for Summit Carbon Solutions' project to ensure South Dakota remains competitive for business and strengthens our role in American energy independence.

Infrastructure projects like Summit Carbon Solutions' pipeline are essential for securing ethanol's future, opening access to low-carbon markets, and proving South Dakota is a leader in agriculture and energy innovation.

Please consider what is at stake and support farmers and biofuels producers by approving Summit Carbon Solutions permit in South Dakota.

Thank you.

Sincerely,

Mike Mctighe
