These are the facts giving rise to my complaint:

We want to build a new 1 mile so of Logan. Exel has a main line on the section line. I am told Sioux Valley energize on the South side and Ottertail power is on the north side.

Sioux Valley wants \$7500 to 9000 to bring in power but Ottertail refuses to give them permission. Ottertail's proposal amount to about \$20,000 this is extremely excessive plus in the proposal letter they leave it open in the last six words that they may even demand more should they want to.

They have been cloaking talking all along and for a public utility they have been extremely hostile and unwilling to bid us.

In talking to them they have repeated they are a for profit company which profit is not a dirty word but \$50,000 over 9,000 is a royal rip off.

If homes are built to the south they would be built in South Valley territory hence the chance of other homes would effect the on Ray Saezy for my property.
