

**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF THE COMPLAINT	)	
OF VENTURE COMMUNICATIONS	)	SD PUC DOCKET CT20-001
COOPERATIVE AGAINST AT&T	)	
MOBILITY	)	
	)	

**AT&T MOBILITY'S, RESPONSE TO VENTURE COMMUNICATIONS
COOPERATIVE'S FIRST SET OF DISCOVERY REQUESTS**

COMES NOW, AT&T Mobility ("AT&T"), by and through its counsel of record, William M. Van Camp, and responds to Venture Communications Cooperative ("Venture"), First Set of Discovery Requests:

INTERROGATORIES

INTERROGATORY NO. 1: At page 1, lines 6-7 of his Pre-Filed Direct Testimony, Mr. Dan Le states that he has held "a variety of positions" with AT&T Services, Inc. since joining in 1999 until appointed to his present position in 2020. Please state the title and work description for Mr. Le with AT&T Services, Inc. from 1999 until 2020.

ANSWER: See the attached resume of Dan Le marked as Bates No. 1.

INTERROGATORY NO. 2: At page 2, lines 35-37 of his Pre-Filed Direct Testimony, Mr. Le discusses Sections 251(c) and 251 (b) of the Telecommunications Act of 1996, and states that Venture "executed an ICA ... consistent with these obligations." Please separately identify to which such obligations Mr. Le contends Venture is subject, pursuant to Section 251(c), as set forth in the referenced Interconnection Agreement (ICA).

ANSWER: Objection. Calls for a legal conclusion. Notwithstanding the foregoing objection, the parties entered into an agreement subject to Section 251(c). The parties pursuant to that agreement agreed to be bound by the terms of the ICA.

INTERROGATORY NO. 3: For any such obligations identified in Interrogatory No. 2, please identify the page number in the ICA where such obligation or obligations were imposed.

ANSWER: See answer No. 2 above.

INTERROGATORY NO. 4: At page 5, lines 86-89 of his Pre-Filed Direct Testimony, Mr. Le claims that the trunks between AT&T Mobility's mobile telephone switching office and Venture's switch are provided by SDN, and these are the actual facilities covered by the Access

Service Requests (“ASR’s”) referenced in Mr. Jandreau’s testimony. Please state whether AT&T Mobility has canceled the ASRs sent to Venture.

ANSWER: AT&T has not cancelled the ASR sent to Venture as the traffic in question terminates with Venture. As long as traffic is terminated with customers of Venture, AT&T would not terminate the ASRs.

INTERROGATORY NO. 5: At page 8, lines 147-148 of his Pre-Filed Direct Testimony, Mr. Le alleges that “very little traffic” exists on the facilities at issue in this case. Please explain why AT&T Mobility did not reduce its trunk facilities when it discovered this information.

ANSWER: Trunk facilities were not reduced so that customers of Venture could keep receiving calls with seven (7) digit dialing. This is a benefit to those customers.

INTERROGATORY NO. 6: At page 8, lines 152-155 of his Pre-Filed Direct Testimony, Mr. Le states that AT&T Mobility “maintains these facilities in order to accommodate seven (7) digit local dialing by Venture’s end users.” Please identify the facilities to which Mr. Le refers.

ANSWER: These facilities are the SDN facilities ordered to serve Venture customers.

INTERROGATORY NO. 7: At page 1, lines 9-10 of her Pre-filed Direct Testimony, Ms. Karen Brown states that TEOCO Corporation is “[o]ne of the firms with which AT&T Mobility contracts for these services...” Please state whether such services are used to assist “... in the review and validation of billing from carriers.”

ANSWER: Objection. Irrelevant. Notwithstanding the foregoing objection, such services are used by AT&T.

INTERROGATORY NO. 8: Please state whether any part of TEOCO’s compensation for its review of Venture’s billings to AT&T Mobility is dependent, contingent, or connected in any way to AT&T Mobility’s recovery of disputed amounts identified by TEOCO.

ANSWER: Objection. Irrelevant. Notwithstanding the foregoing objection, the terms of the agreement between AT&T and TEOCO are confidential. The manner of compensation is controlled by the confidentiality clause of the agreement of the parties and cannot be released absent an order of the commission or consent of TEOCO subject to a protective order.

INTERROGATORY NO. 9: If Interrogatory No. 8 is answered in the affirmative, describe in detail such compensation arrangements between TEOCO and AT&T Mobility.

ANSWER: See objection and answer to No. 8 above.

ANSWERS TO REQUESTS FOR PRODUCTION OF DOCUMENTS

REQUEST NO. 1: Identify and produce any ASRs relevant to this dispute that have not been pre-filed with the Commission.

ANSWER: See the attached, bates stamped 2 to 52.

REQUEST NO. 2: At pages 1-2, lines 19-22 of her Pre-Filed Direct Testimony, Ms. Brown states that in late 2017 AT&T Mobility “added three new DS1 interconnection trunks between its MTSO and three Venture end offices located in Sisseton, Highmore, and Britton.” Identify and produce the traffic studies performed and cost inquiries made prior to placing each of the ASRs.

ANSWER: These records are not retained in the ordinary course of business and upon review by AT&T no such records exist.

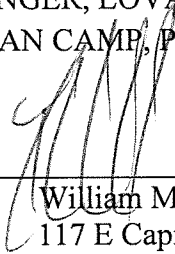

REQUEST NO. 3: Please produce any requests to Venture to cancel, revoke, or discontinue the ASR’s.

ANSWER: There has been no request to cancel by AT&T.

Dated this 15th day of April, 2021.

OLINGER, LOVALD, MCCAHERN
& VAN CAMP, PC.

By

William M. Van Camp

Title: Lead Carrier Relations Manager

Experience

AT&T

Bedminster, NJ

National Access Management / Global Connections

March 1999 to Present

- ♦ Domestic Voice (2010- Present)
 - Organizational Financial Planning and Management
 - Intercarrier Compensation Reform
 - Worked on team that managed the implementation of the reform each year. Includes the review of tariffs and verification of rates.
 - Negotiate with Carriers
 - Negotiate with carriers to resolve billing disputes.
 - Negotiate with ILECs for Interconnection Agreements in support of AT&T Mobility and AT&T CLEC.
- ♦ Regulatory Management (2004- 2010)
 - State Access Reform
 - State-by-state access reform via legislation or regulatory orders.
 - Traffic Pumping and VoIP Compensation
 - Identifying and testing of potential traffic pumping LECs
 - Payphones Compensation
 - AT&T's industry contact for payphone compensation disputes and technical issues.
- ♦ Local Landscape (2002 to 2004)
 - Worked on cost management issues related to collocation and UNE Pricing.
- ♦ National Supplier Management (1999 to 2002)
 - Worked on supplier management issues related to collocation, 911, and forecasting.
