

- 6-1) Mr. Lampeter: Provide, as provided in your testimony on page 17, line 9, "ANSI S12.9, Part 3" as was in effect at the time of the 2020 sound study.

Response: Crowned Ridge Wind, LLC ("Crowned Ridge") objects to Data Request 6-1 because it seeks information that is subject to copyright protection. Subject to and without waiving this objection, Crowned Ridge responds: ANSI S12.9, Part 3 is an Acoustical Society of America copyrighted document which does not allow for reproduction or networking. Therefore, I do not have permission to produce the document. However, the document can be purchased at the ANSI webstore at <https://webstore.ansi.org/standards/asa/ansiasas122013part-1452563>

Richard Lampeter, Epsilon Associates, Inc., Principal.

- 6-2) Mr. Lampeter: Provide, as provided in your testimony on page 17, line 9, "ANSI S12.9, Part 3" as was in effect at the time of the 2021 sound study. If the standard was the same in 2021 as in 2020, you may respond "same".

Response: Please see response to Data Request 6-1.

Richard Lampeter, Epsilon Associates, Inc., Principal.

- 6-3) Mr. Lampeter: Provide, as provided in your testimony on page 17, line 11 "ANSI S12.100-2014" as was in effect at the time of the 2020 sound study.

Response: Crowned Ridge objects to Data Request 6-3 because it seeks information that is subject to copyright protection. Subject to and without waiving this objection, Crowned Ridge responds: ANSI S12.100-2014 is an Acoustical Society of America copyrighted document which does not allow for reproduction or networking. Therefore, I do not have permission to produce the document. However, the document can be purchased at the ANSI webstore at <https://webstore.ansi.org/standards/asa/ansiasas3211002014s1>

Richard Lampeter, Epsilon Associates, Inc., Principal.

- 6-4) Mr. Lampeter: Provide, as provided in your testimony on page 17, line 11, "ANSI S12.100-2014" as was in effect at the time of the 2021 sound study. If the standard was the same in 2021 as in 2020, you may respond "same".

Response: Please see response to Data Request 6-4.
