The facts giving rise to my complaint are: Black Hills Power and Light is constructing a project of high voltage lines that will decrease the aesthetics and the value of my property.

The stated project is approximately 6 feet from the south boundary of my property,

The decrease in value will be caused by: (1), the aesthetics of the project and (2), the fact that the high voltage lines are perceived as a health risk, (although medically the issue is inclusive, the perception of a problem can ward off potential buyers).

It is my prayer the lines be moved away from the neighborhood and if not, be buried. Lastly, if nothing else, compensation to the property owners for the losses and inconveniences.
