Dear Jim:

The facilities changes needed to exchange customers in the Woodland Valley Subdivision area off of Nemo Road have been completed by BHP and BHEC. It has been a pleasure to work with you, Stuart Wevik, and Greg Suto. I believe the only thing left to do to complete the exchange is to submit documentation to the South Dakota Public Utilities Commission for approval. I have enclosed copies of customer approvals and a letter from BHEC approving the exchange. If they meet with your approval, please forward them to the PUC along with the signed landowner approval you have obtained from Jim Letner and a letter from BHP approving the exchange. Please send me a copy of the landowner approval and your letter for our files.

Thanks again for your cooperation and assistance. I look forward to working with you again in the near future. If you have any questions, please give me a call

Sincerely,

Dear Mr. Letner,

As you are aware a successful trade has been completed between Black Hills Power & Light and Black Hills Electric Co-op in the subdivision you are building, Woodland Valley. Also included in this trade is a new home you are constructing on the 36 acres adjacent to the subdivision. With the understanding that lots B, C, D, and E of Woodland Subdivision and the new home on the adjacent 36 acres are now the permanent customers of Black Hills Electric Co-op, and lots F, G, H, and J are now the permanent customers of BHP&L, we are asking your signature on this document as proof of your agreement to the above referenced trade.

Thank You,

Greg Suto
