Re: EL08-031 - Buffalo Ridge II
Request to Amend Order – Condition 22

Dear Ms. VanGerpen,

Buffalo Ridge II LLC respectfully requests that Condition 22 for Order EL08-031 be amended to allow us to file the facility emergency response plan confidentially. We request that the condition language be edited to:

“The Applicant shall seek local input to properly and effectively coordinate an emergency response plan consistent with local resources and response abilities. Upon completion, the emergency response plan shall be filed with the Commission ~~for public availability.~~”

Please contact me at (612)259-7749 or sarah.emery@iberdrolaren.com if I can provide any more information or if there are concerns about the proposed changes. Thank you for considering this matter.

Sincerely,

A handwritten signature in black ink that reads "Sarah H. Emery".

Sarah Emery
Senior Permitting Manager
