Dollars budgeted to Brand/Image, we will be removed from the rate case unless you feel they should be included, you will need to provide a description of what this is along with the following information:

If you cannot produce a sample or a description of what the dollars are for, those items will also be removed.
FOR THE TIME PERIOD January 1, 2006 through December 31, 2008

1) Complete samples of all advertising
2) A copy of radio or TV script
3) Define by percentage which content of each ad fits into the allowable or disallowable category
4) Provide the corresponding test year dollar amount for each ad
5) Describe the period of time during which each ad will be used
6) Indentify which service area it will appear/be heard
7) Identify the type of media to be used

Dollars to Brand/Image will be removed from the rate case unless you feel they should be included, you will need to provide a description of what this is along with the following information:

If you cannot produce a sample or a description of what the dollars are for, those items will also be removed.

FOR THE TIME PERIOD January 1, 2008 through December 31, 2008

1) Complete samples of all advertising
2) A copy of radio or TV script
3) Define by percentage which content of each ad fits into the allowable or disallowable category
4) Provide the corresponding test year dollar amount for each ad
5) Describe the period of time during which each ad will be used
6) Indentify which service area it appeared/was heard
7) Identify the type of media used

The mission of PAL is to promote positive relationships between police officers and inner-city youth through community based educational and recreational opportunities. PAL will help to guide our youth away from negative behavior such as gangs, violence and drugs, by providing alternative activities to our youth, while establishing a rapport with police officers serving as mentors and role models. | | | | | | | | | | |

# EIS Surplus Distribution
# November 2008

On October 6th of 2008, the Program Advisory Committee, PAC, discussed the good experience in the prior four years for the casualty lines. It was decided to explore a surplus distribution. On October 22nd, 2008 The Committee approved the following recommendation for a surplus distribution:

a. That Energy Insurance Services cancel the Reserve Fund Certificate, in the amount of $3,108,974, and transfer those funds to Contributed Surplus;
b. That Energy Insurance Services return to Xcel Energy Inc. the total cumulated interest associated with the Reserve Fund Certificate; and
c. That Energy Insurance Services make a distribution from Policyholders' Surplus to Xcel Energy Inc. in the amount equal to $5 million less the amount of the cumulated interest indentified under item b. above.

**Recommendation:**

This surplus distribution should be treated as a credit to insurance expense. The source of these surplus funds is our casualty insurance program (Worker's Compensation, General Liability, Auto Liability). The recommended distribution, delivered in a separate spreadsheet, shows allocation to individual operating units based on premiums paid for the prior four policy years.

In recognition of the above, our recommendation is that the $5 Million dollar surplus be treated as follows:

$721,084 as investment income
$4,278,916 as a credit in the current year (2008 fiscal year) as it is a result of prior years good experience.

**Casualty**

| BU | Co | AL | GL | WC | Total | Percentage | Distribution |

### 2010 Union Salary Increase*

| | Adjusted 2009 O&M Union Labor | 2010 Increase | 2010 union O&M salary Increase | 2010 Union O&M Labor with increase | Total Change | % to Electric | South Dakota Jurisdiction |
|---|---|---|---|---|---|---|---|
| NSPM | 172,253,722 | 4.00% | $ **6,890,149** | 179,143,871 | $ 6,890,149 | $ 6,357,498 | **301,465** |
| | | | | | **Payroll Tax Affect** | $ **584,254** | $ **27,705** |

| | P | T | D |
|---|---|---|---|
| Elec salary | 4,473,804 | 423,227 | 1,460,467 |
| Elec Ptax | 411,143 | 38,895 | 134,217 |
| SD Salary | 212,142 | 20,069 | 69,254 |
| SD Ptax | 19,496 | 1,844 | 6,364 |

* The core NSP union labor contracts expire 12/31/2010 (2,136 of 2,351employees) with an agreed to increase of 4.1% for 2010. This does not include the former NMC employees that became NSP employees in 2008 (about 10% or 215 employees). Of the 7 unions that the former NMC employees belong to, 2 have contracts to 2010, and 4 have contracts to 2009. Because of this, a 4% union labor increase has been used for 2010

PF15-3a

Xcel Energy
Docket No.: E002/GR-08-1065
Response To: Office of Energy Security Information Request No. 129
Requestor: Nancy Campbell and Dale Lusti
Date Received: January 15, 2009

---

Question:

Page 22 of Mr. Bomberger's Direct Testimony states that, "our test year budget includes approximately $5.1 million in ongoing costs to support implementation of this new regulatory requirement". Please provide all calculations and supporting information to support the $5.1 million increase in ongoing costs for NRC's regulation for personnel to remain fit to safely and competently perform their duties.

Response:

Please see Non-Public Attachment A for the calculation supporting the $5.1 million Test Year cost of complying with revisions to the fitness for duty rule. In preparing this response, clerical errors were found in Mr. Charles Bomberger's direct testimony. Page 23, lines 4 and 5 of the testimony have the plant names reversed, and the number "30" should be corrected to "44".

On March 31, 2008 the Nuclear Regulatory Commission ("NRC") published its final rule-enhancing fitness-for-duty requirements (Title 10 Code of Federal Regulations Part 26, Subpart I). The enhanced requirements mandate that "fitness for duty" programs at NRC-licensed facilities be more effective and establish clear and enforceable work-hour controls. Licensees were given 18 months to be in full compliance with stricter work-hour controls, which go into effect at Monticello and Prairie Island on October 1, 2009.

The modified rule requires licensees to track and restrict work hours for individual employees while providing minimum periodic rest periods that provide sufficient opportunity to counteract the impact of cumulative fatigue as defined within the rule. Different limitations apply to workers based on their assigned work activities and also adjust during operational and outage periods. The rule also requires formal fatigue assessments and waiver processes and establishes additional periodic regulatory reporting requirements. Affected workgroups include Operations, Maintenance, Radiation Protection, Chemistry, Security and those personnel with duties within the Fire Brigade and Emergency Response Organizations. The rule also restricts work hours for contract workers in these workgroups while they are performing work activities covered within the scope of the rule.

Radiation Protection, Chemistry, Security and those personnel with duties within the Fire Brigade and Emergency Response Organizations. The rule also restricts work hours for contract workers in these workgroups while they are performing work activities covered within the scope of the rule.

PF15-3b

**Expected Staff Increases Resulting from FFD Implementation**

| | Operations | Maintenance | Security | Chemistry | Health Physics | Administrative | Total |
|---|---|---|---|---|---|---|---|
| Monticello | 12 | 0 | 29 | 2 | 0 | 1 | 44 |
| Prairie Island | 12 | 11 | 9 | 4 | 0 | 1 | 37 |
| Total | 24 | 11 | 38 | 6 | 0 | 2 | 81 |

Some items to note in the table are that the Monticello outage scheduled for March/April 2009 is not affected by the rule, since it does not have to be implemented until October 1, 2009. Secondly, security strategies differ greatly at each site. Lastly, Prairie Island Operations is affected by the minimum staffing elements of the rule for dual unit operations when Unit 1 is in outage as per page 12 of Regulatory Guide 5.73.

Please also see our response to OES Information Request No. 130.

PE 9-2

**Rushton, Julie A** PF16-3

**›m:** Ronnings, Patrik
**‹nt:** Wednesday, May 13, 2009 4:27 PM
**To:** Sillerud, Patricia S; Rushton, Julie A
**Subject:** SD Sub Ledgers

Hi!

As we discussed, the programs were O&M through 2008.

So the sub ledgers used for 2008 budgets/spend were:

10127288 SS Res
10127289 SS Biz
10228750 Peak Control

For 2009 and beyond, the sub ledgers are:

11094612 SS Res
11094597 SS Biz
11094502 Peak Control

Hope this helps!

FAS 87 pension costs are significantly impacted by the return on plan investments and liability discount rate. Because of the signigicant market collapse in 2008, Xcel Energy will need to make additional cash contributions going forward. These investments value decreases drive the amortization of investment losses, which directly increases plan expenses going forward, beginning in 2009.

2008 actual health care costs for active employees increased substantially over 2008 budgeted levels. This was attributable to nmerous factors including higher employee consumption of health care, actual headcount increases realized after the budget was created, the cost of new drugs and the unanticipated higher costs of a new high-deductible health care plan. As a result, of these trends and actual headcount we a making the above adjustment.

ıd of Life Nuclear Fuel Accrual
ıary - December, 2009

Schedule H.1
(Proposed)
*(Monticello Life Extension & Prairie Island + 3 Years)*

## ANNUAL ACCRUAL

| Generating Plant | Sinking Fund Rate | Remaining Life 1/1/09 | Amount to Recover | Amount Recovered | Annual Accrual |
|---|---|---|---|---|---|
| | (1) | (2) | (3) | (4) | (5) |
| Monticello | 7.42% | 21.75 | 86,483,844 | 17,568,648 | 1,365,960 |
| Prairie Island | 7.42% | 8.30 | 55,410,917 | 18,547,872 | 3,371,148 |
| | | | 141,894,761 | 36,116,520 | 4,737,108 |

## INPUT DATA

**Tax Rate** 41.37% (a)

**Rate of Return - Internal**

| | Percent | Cost | Weight | |
|---|---|---|---|---|
| Short-Term | 2.76 | 4.71 | 0.13 | |
| Long-Term | 45.57 | 7.08 | 3.23 | |
| Total Debt | 48.33 | | 3.36 | (c) |
| Preferred | 0.00 | 0.00 | 0.00 | |
| Common | 51.67 | 10.54 | 5.45 | |
| Total | 100.00 | | 8.81 | (d) |

**After-Tax Rate** 7.42% (e)

## NOTES

**Input Data**

(e) = (d) - [(c) x (a)]
(2) = Remaining life based on E,G002/D-08-189
(3) = Final Core Analysis from 2008 filing

**Annual Accrual**

(5) = {[(3) - (4)] x (1)} / {[(1 + (1)) ^ (2)] -1}

**Proposed**

*Levelized (Life Extension-Monticello only, beginning of year payment, mid year interest)*

ANNUAL ACCRUAL SUMMARY

| | Remaining Life (yrs) | Earnings Rate | Present Value to Decommission | Recovered Through 1/1/09 (Est.) | Decommissioning Accrual | |
|---|---|---|---|---|---|---|
| | (9) | (10) | (5) | (11) | (12) | |
| EXTERNAL FUND | | | | | | |
| Monticello | 21.75 | 6.30% | $52,143,359 | $15,325,499 | **$0** | |
| Prairie Island Unit 1 | 7.80 | 6.30% | 933,111 | 13,127,913 | **1,067,517** | |
| Prairie Island Unit 2 | 8.80 | 6.30% | 1,362,282 | 14,377,941 | **957,482** | |
| | | | | | | 2008 Actual Adjustment |
| **TOTAL DECOMMISSIONING ACCRUAL** | | | **$54,438,753** | **$42,831,353** | **$2,024,999** | **$1,916,000** **$108,999** |

INPUT DATA

| | | |
|---|---|---|
| **Escalation Rate** | 2.89% | (a) |
| **Jurisdictional Factor** | 4.4874% | (b) |
| **IRS Tax Qualified Percent** | 100.00% | (c) |
| **External Percent** | 100.00% | (d) |

NOTES

**Input Data**

(a) = Inflation rate from current filing documentation
(b) = South Dakota jurisdictional percent from last electric rate case
(c) = IRS qualifying percent based upon 2005 Energy Policy Act
(d) = Recommended external funding

**Amount to Recover**

(1) = Current cost estimate by year from TLG Cost Study, 2008.
(2) = Jurisdictional Nominal Cost = (1) x (c)
(3) = Future Value of jurisdictional nominal cost
(4) = Discount factor based upon the applicable earnings rate for present value calculation
(5) = Present value to decommission at the start of 2009

**Decommissioning Accrual**

(9) = Remaining life based on E,G002/D-08-189
(10) = Fund earnings rate
(11) = Fund balances to date
(12) = Annuity or decommissioning accrual
