UTILITIES COMMISSION

Ken Pollat

Gentlemen:

UPTON, WY

I AM writing concerning the  
proposed rate increase on  
electricity. I AM opposed to the  
amount they want to increase by,  
considering the economy.

The Rapid City Paper said they want  
us to help pay for the new regional  
power plant in Gillette, to my  
understanding as soon as that one  
is done they have plans to  
build another one, which probably  
mean another increase.

I live in Upton, my brother and  
me have a mobile home in Crook County,  
North Upton, a boat a year ago basic  
SUC WAS under \$12.00 a month - It  
increased to \$18.55 a month, it  
seems like rates used to increase  
about 5% to 10% - Now they want  
a \$6.4 increase. So I'm opposed

Thanks

Ken Pollat
