SOUTH DAKOTA PUBLIC  
UTILITIES COMMISSION

11-19-09

It need isn't just happening  
on Wall Street. This Country  
is on the brink of  
destruction because of  
stupidity & greed - No one,  
least of all our elected  
officials have a ~~idea~~ what  
ordinary American citizens  
are really about. Millions  
with no jobs, no homes  
living in tent cities & on  
the streets  
Millions going hungry.  
The state of South Dakota  
one of the lowest paying  
states in our union  
(That in itself is a  
disgrace) - But lets give  
these people a 26.2%  
increase in their electric  
bill. That's real American  
you can't be satisfied with  
a 10% or 12% increase at  
this difficult time when  
people are down & out - lets  
give them a 26.2% hike  
Unconscionable !!!
