Minimum depth, cable or pipeline (under rural highway 48") (under curb/gutter 24") (all other areas 36") (overhead)

Method of installation Helicopter and bucket trucks

Approximate construction dates: Start 5/1/2024 Finish 10/1/2024

I, the undersigned, request permission to construct and maintain a utility facility on public right of way at the above location and as shown on the attached layout sheet and in accordance with provisions of Administrative Rules of South Dakota (ARSD) 70:04:05. In consideration for this permission, I agree to abide by all conditions of said rules, and in addition, the following:

- This Utility Permit does not replace any other permit, license or other approval that may be required by any other entity holding a property interest in the right of way, including but not limited to any tribal government, the Office of School and Public Lands, the United States Forest Service and the Bureau of Indian Affairs. The issuance of this Utility Permit does not relieve the applicant of the obligation to obtain any other approvals that might be required for use of the highway right of way for utility purposes. The applicant is solely responsible for investigating whether additional approval is required and complying with any other applicable requirements. If the applicant fails to secure all necessary approvals or comply with all applicable requirements, this permit is of no effect whatsoever, and the Department may, at the applicant's sole expense, cause the immediate removal of the utility facilities.
- To furnish all materials, labor, incidentals and pay all costs involved with the construction and maintenance of the utility facility. To perform approved open-cut trench operations in accordance with current DOT Open Cut Method of Utility Installation or Repair, Administrative Rule Chapter 70:04:05, Appendix A. To restore any damaged portions of the roadway and right-of-way to equal or better conditions than existed prior to beginning work covered by the permit. To not install a utility over the top of any highway drainage structure. To permanently mark above-ground pedestals/facilities with metal flags or markers located at least 48" above ground.
- If deemed necessary by the South Dakota Department of Transportation, to move or alter the utility installation in any way due to maintenance or highway reconstruction within its present right-of-way width, the alteration will be accomplished by the owner without cost to the State.
- To provide protection to highway traffic during construction and maintenance by use of proper signs, barricades, flag persons and lights as prescribed in the current edition of the *Manual on Uniform Traffic Control Devices*.
- Workers are required to wear high-visibility safety apparel intended to provide conspicuity during both daytime and nighttime usage, and meeting the Performance Class 2 or 3 requirements of the ANSI/SEA 107-2004 publication *American National Standard for High-Visibility Safety Apparel and Headwear*.
- To indemnify and hold the State of South Dakota, its Department of Transportation, its officers, agents and employees harmless, from and against any and all actions, suits, damages, liability or other proceedings of any kind or nature brought because of any injuries or damage received or sustained by any person or property on account of the use or occupancy of highway right of way designated in this application.

TO BE COMPLETED BY THE SOUTH DAKOTA DEPARTMENT OF TRANSPORTATION

Project 030 Station _____ Milepost 373.4 to 374.1 Maintenance Unit 171

- Prior to commencing construction and upon completion of work the applicant must notify Matt Brey, Area Engineer at Watertown Phone 605 882 5166 Email matt.brey@state.sd.us
- Special conditions (e.g. requirements for time of completion, etc.) Coordinate with SD Highway Patrol for any traffic stoppages needed.

- Attach Special Conditions and Exhibit A if request is for personal wireless service facilities and collocation of luminaire pole(s).
- Failure to construct and maintain the utility facility in accordance with the provisions of this permit will automatically render this permit null and void, and constitute grounds for its removal and/or full restoration of the site at the applicant's expense.

This permit to construct and maintain a utility facility is granted subject to all conditions as herein stated.

Instructions for DOT-200: Application for Utility Permit

Applicant

1. Complete all items in upper portion of form. **Please print or type.**
2. Prepare a separate sheet showing details of the proposed installation. The drawings should include:
 - a. Location of the facility dimensioned to the highway centerline and to the right-of-way line. Show all section lines and approaches that will be crossed. Show legal description on drawing, i.e., section, township and range for rural areas, and blocks and lots in urban areas. Show box culverts, bridges and any other permanent features. No utility installation will be allowed on top of drainage pipes.
 - b. Installations on structures must include details of method of attachment. Allow two (2) additional weeks for approval of the permit.
 - c. Utility company name, a North arrow, sheet number and total number of sheets if more than one. **Use one side of a sheet only.**
 - d. Any other pertinent information.
3. Sign and submit one (1) copy of the request and one (1) copy of the attachment to the SDDOT Area Engineer for processing. To find the Area Engineer for your location, see "Area Engineer Addresses" below.

Subject: [EXT] Xcel Energy - Line 0972 - St Hwy 30
Attachments: SDDOT 30 Map.pdf; St Hwy 30 Application.pdf

Matt,

Xcel Energy is adding a second set of wires to the existing 345kV structures along the north side of St Hwy 30, just east of 487th Ave, in Brookings County. Construction on the project is scheduled to start in May 2024 and be completed in November 2024. The total length of the project is 60 miles. I anticipate that we will be along Hwy 30 sometime in May or June. Attached is the application and a location map. Please review and let me know if you have any questions.

Thanks.

Chris Berglund
