Good Afternoon David-

Below is a note from our Regulatory Department. My apologies for all the questions but we take customer confidentiality very serious at Xcel Energy. We want to make sure that everyone is on the same page and in agreement.

If you could respond the following stating that you understand it would be appreciated.

"Please confirm that you understand that agreeing to a completely public filing means [your name and address will be public as well, not just the maps](#)".

Thank you,
Eric Pauli

Good Morning David-

I am requesting to get your approval that would allow for all pieces of this territory exception filing (for your new shed) to be "Public" when filed with the South Dakota Public Utilities Commission. If you could reply to this email saying that you agree with this statement it would be appreciated.

Sincerely,
Eric Pauli
