

**STATE OF SOUTH DAKOTA  
BEFORE THE  
SOUTH DAKOTA PUBLIC UTILITIES COMMISSION**

In the Matter of Otter Tail Power  
Company's Rates for Small Power  
Production and Cogeneration

Docket No. \_\_\_\_\_

**PETITION OF OTTER TAIL POWER COMPANY**

**I. INTRODUCTION**

Otter Tail Power Company ("Otter Tail") hereby applies to the South Dakota Public Utilities Commission ("Commission") for approval of proposed changes to its Small Power Production rate schedules with Rate Designations 12.01, 12.02, and 12.03. These rate schedules set forth the rates under which Otter Tail is obligated to purchase energy and capacity from qualifying facilities ("QFs") pursuant to Commission Cogeneration and Small Power Production Order, Docket No. F-3365.

**D. The Date of Filing and the Date Changes Will Take Effect.**

The date of this filing is December 30, 2011. Otter Tail proposes that the updated rates for small power production and cogeneration, contained herein, go into effect as of March 1, 2012.

**E. Statute Controlling Schedule for Processing the Filing.**

ARSD Part 20:10:13:15 requires a 30-day notice to the Commission of a proposed change in a utility's tariff schedule, after which time the proposed changes take effect unless suspended. Because no determination of Otter Tail's general revenue requirement is necessary, the report called for under Part 20:10:13:26 and the general notice provisions applicable to changes in rates is not applicable in this filing. Otter Tail requests an expedited and informal proceeding, including any variances that may be necessary.

Pursuant to ARSD 20:10:13:18, Otter Tail will post a Notice of Proposed Changes (Appendix A, Attachment 1). This Notice will be placed in a conspicuous place in each business office in Otter Tail's affected electric service territory in South Dakota for at least 30 days before the change becomes effective. Otter Tail has also included a

report on tariff schedule changes (Appendix A, Attachment 4). This report complies with ARSD 20:10:13:26, which requires the Utility to report all rate schedule changes and customer impacts.

### **III. BACKGROUND OF ISSUE**

Otter Tail last updated the rates in the Small Power Producer rate schedules, 12.01, 12.02, and 12.03 with a filing on June 1, 2010, per SDPUC Docket No. EL09-026. No rates were changed in Otter Tail's South Dakota Rate Case, SDPUC Docket No. EL10-011. As of December 1, 2011, four customers in South Dakota have taken service on the Occasional Delivery Energy Service 12.01 rate.

### **IV. PROPOSED CHANGES**

In this petition, Otter Tail is proposing to update the energy and capacity payments and the Renewable Energy Credits ("REC's"). The proposed cost and payment changes are based on Otter Tail Power Company's most recent Marginal Cost Study. The proposed rate schedule changes are provided in Appendix B ("Red-line" versions) and Appendix C ("Clean" versions).

#### **A. Payment Schedules – Energy and Capacity.**

Otter Tail is proposing to modify the payment schedule under the three Rate Designations 12.01, 12.02 and 12.03. The proposed payments contained in the rate schedules reflect Otter Tail's avoided costs. The avoided costs are consistent with Otter Tail's Small Power Producer rate schedules as filed recently in Minnesota and North Dakota. Appendix A, Attachments 2 and 3 contain these avoided costs.

#### **B. Renewable Energy Credits.**

REC's were introduced for the first time in the Small Power Producer rate (Docket No. EL09-026). REC's represent, according to the Midwest Renewable Tracking System website, "the environmental attributes associated with 1 MWh of

renewable energy”<sup>1</sup>. In addition to the energy payments described above, in IV. a. Payment Schedules, Otter Tail adds in the REC value to the energy payment. In exchange for the REC payment to the customer, on a per kWh basis, the customer will transfer ownership to Otter Tail the REC associated with the energy received from the customer’s renewable generator. Otter Tail intends to update the value of the REC annually at the same time the avoided cost updates are filed.

## **V. CONCLUSION**

Based on the foregoing reasons, Otter Tail respectfully requests that the proposed modifications to the rate schedules with Rate Designations 12.01, 12.02, and 12.03 become effective as of March 1, 2012.

Date: December 30, 2011

Respectfully submitted:
