**Subject:** Re: FW: Rate increase

**Auto forwarded by a Rule**

To whom it may concern:

Please do not give Black Hills Power another rate increase. The working people of this state have not seen their wages go up appreciably and it is really becoming a burden not only on those of us who work but also the elderly on a fixed income who are already struggling to stay in their homes.

They need to be told what the rest of us are always told; tighten your belt.

Thank you,

Robin R. Cox (citizen)
