Special conditions

I, the undersigned, request permission to construct and maintain a utility facility on public right-of-way at the above location and as shown on the attached layout sheet. In consideration for this permission, I agree to abide by the following:

- To furnish all materials, labor, incidentals and pay all costs involved with the construction and maintenance of the utility facility. To perform approved open cut trench operations in such a way as to not obstruct trail traffic. To restore any damaged portions of the roadway and right-of-way to equal or better conditions than existed prior to beginning work covered by this permit and to pay for all expenses involved if the utility needs to be moved, for whatever reason.
- To provide protection to traffic during construction and maintenance by the use of proper signs, barricades, flag persons and lights.
- To indemnify, hold and save harmless the State of South Dakota, its Department of Game, Fish & Parks, its Officers and Employees, from any and all suits, actions or claims of any kind or nature brought because of any injuries or damage received or sustained by any person or property on account of the use or occupancy of highway right-of-way designated in this application.
- Section 106 Clearance obtained by the Utility Company.
