#### APPLICABLE

This Environmental Improvement Adjustment (EIA) applies to all rate schedules for all classes of service authorized by the Commission.

The Company will update and make an EIA filing with the Commission on an annual basis no later than February 15<sup>th</sup>.

#### ENVIRONMENTAL IMPROVEMENT ADJUSTMENT RATE

An EIA rate shall be determined by dividing the environmental improvement revenue requirement for the period April 1<sup>st</sup> through March 31<sup>st</sup> of each year and the forecasted balance of the EIA Balancing Account divided by the forecasted retail sales volumes for the period June 1<sup>st</sup> through May 31<sup>st</sup> for each upcoming year. The EIA rate shall be rounded to the nearest \$0.0001 per kWh.

The EIA rate may be adjusted annually with approval of the Commission. The EIA rate is:
