The authority for review of construction proposals which may affect airspace within the state has been delegated to the Office of Air, Rail and Transit, Aeronautics Group.

Upon receiving and reviewing the FAA Airspace Case #'s listed above it has been determined that the FAA has issued Determinations of No Hazard to Air Navigation. The Aeronautics Commission has been notified of these Determinations on September 17th, 2020.

Any changes to either the locations or the overall heights of the proposed project must be submitted to our office for re-evaluation.
