

TOWN HALL MEETING

Saturday, October 3, 2015

Newell Town Hall

108 3rd Street

Newell, SD

12:00pm - 1:30pm - "Windfall" - The Movie

(Roger Ebert - "The film left me disheartened. I thought wind energy was something I could believe in.")

1:30pm - 3:00pm - Guest Speakers and Q&A

Featured Speakers:

Winnie Peterson - President and Chair of the Board of Directors of WE-CARESD

Matt Rankin - President - Prairie Wind and Solar

Bernard Zuroff - Attorney at Law

Industrial Wind Farm Topics

Technology: How an industrial wind turbine works.

Output: How much electricity wind turbines actually produce.

Economics: Cost, subsidies, taxes, property value, jobs.

Size: Height, weight, supporting infrastructure, space requirements.

Wildlife: Threat to birds, bats, other animals and ecosystem.

Noise: Ill effects on residents and livestock.

CO2 Reduction: Greatly exaggerated.

Cost vs. Benefits: Do potential benefits outweigh the adverse impacts?

Don't believe wind promoters hype! Learn for yourself how an industrial wind farm will impact you, your family and your community.

Admission is FREE
