

OTTER TAIL POWER COMPANY
Docket No: EL15-016

Response to: SD Public Utilities Commission
Analyst: Darren Kearney
Date Received: 06/10/2015
Date Due: 06/24/2015
Date of Response: 06/24/2015
Responding Witness: Jason A. Grenier, Manager Market Planning - (218) 739-8639

Information Request:

In the 2016 Energy Efficiency Plan, it appears that Ottertail is adding back in Rebate Incentives for T12 Lighting Retrofits if customers choose the most efficient lighting technology available. However, in the cover letter the company identifies the 2016 Energy Efficiency Plan is an extension of the 2014-15 Plan. Please explain the discrepancy between the cover letter and the 2016 Proposed Energy Efficiency Plan.

Attachments: 0

Response:

Please see Otter Tail's response in IR SD-PUC-01-08. Otter Tail believes the lighting modification was agreed to in the 2014-2015 Plan and the cover letter is correct describing the 2016 Plan as an extension of the 2014-2015 Plan.
