In the 2015 Status Report, please explain why table 24 includes the category “C&I Refrigerator Recycling” whereas tables 21, 22, and 23 do not include this category these and the tables do include the category “C&I Split Package Heat Pumps.”

Response to SDPUC Request No. 1-3:

Tables 21, 22 & 23 are correct. Table 24 should not have included C&I Refrigerator Recycling since this program was is not included in the Plan. C&I Split Package Heat Pumps also need to be included in Table 24. Also, it appears that the goals stated on Table 24 are not correct. A corrected Table 24 follows -
