

OTTER TAIL POWER COMPANY
Docket No: EL16-019

Response to: SD Public Utilities Commission
Analyst: SDPUC Staff
Date Received: 05/25/2016
Date Due: 06/03/2016
Date of Response: 06/02/2016
Responding Witness: Jason A. Grenier, Manager Market Planning - (218) 739-8639

Information Request:

For the Commercial Custom Efficiency Projects, what expenses were included in the \$8,794 assigned to the program in 2015?

Attachments: 0

Response:

The majority of expenses included in the \$8,794 assigned to the Commercial Custom Efficiency Projects consist of costs associated with Otter Tail's Energy Management Representatives meeting with customers across its South Dakota service territory discussing and evaluating potential projects. The Company, at times, has customers that do not follow through with a project or push a project out to the following year due to budget constraints and other reasons.
