

OTTER TAIL POWER COMPANY
Docket No: EL16-020

Response to: South Dakota Public Utilities Commission
Analyst: SDPUC Staff
Date Received: 11/01/2016
Date Due: 11/11/2016
Date of Response: 11/09/2016
Responding Witness: Jason A. Grenier, Manager Market Planning - (218) 739-8639

Information Request:

For the Commercial Custom Efficiency program, please explain how the measure life was determined to be 15 years (as reflected in the DSMore models).

Attachments: 0

Response:

The measure life for the Commercial Custom Efficiency program is a conservative estimate of the measure lives for measures Otter Tail expects to see processed through this program based on measure lives of custom measures from past projects. As Otter Tail evaluates individual projects in this program, we will use actual measure lives as defined in the Minnesota Technical Reference Manual 2.0 or other engineering manuals/databases.
